PETITION TO STOP ANOTHER TORY WINTER OF DISCONTENT

We want to express our serious anger and dismay over the Tory Lancashire County Council **'gritting'** budget which has led to impassable and dangerous routes across Pendle and empty Grit bins for days on end. Local Authorities were told by the Labour Government to hold enough grit for six days but there has not been enough for even one day on most of our streets.

The lack of grit has led to numerous vehicle accidents and an increased burden upon the NHS. Many elderly people have been prisoners in their own homes. Furthermore, this has also led to delayed bin collections posing potential health problems.

We, the undersigned*, are very unhappy with the provisions made to counter the snow and icy winter conditions by the Conservative Lancashire County Council. We demand that gritting duties are returned back to Pendle Council.
